

Our Basket delivery system allows you to order your organic goodies directly from The Organic Shop! Within two hours of your order (or at a time you specify) a Boda Boda or taxi (your choice) will show up at your doorstep with your purchase! We have two basket sizes, a small basket for a couple or single family, and a large basket for a family of 4. The Baskets contain a selection of seasonal certified organic fruits and vegetables. Our Basket system allows you to order and pay as you eat ? or to order 10 baskets in advance on our contract scheme. Along with your basket you may order extras from the list of products on this site. These will be charged separately from the basket charges. For information on how to order, click on the tabs Basket Scheme Regular or Basket Scheme Contract and simply make your order.

Check on the Boda Boda list to ensure you are aware of the costs of delivery to your specific area. Payments for Boda Boda/Taxis will be done at our Shop on return of the empty crates and will be a cost added to the cost of the basket/delivery.
